## Obituary - Brian Flint

It is with great sadness that we announce the sudden passing of Brian Flint (59). Brian fell down some stairs and went into a coma. He passed away in the hospital on Friday, March 13, 2020 with family at his side.

Brian worked with us for more than 20 years, dating back to Monarch-McLaren before making the move to CB Supplies after the purchase and amalgamation of the companies in 2012. Brian acted as our American Granby specialist, taking care of customer service, purchasing and logistics as we transferred product from our sister company, American Granby to CB Supplies in Canada.

Brian was knowledgeable and hard-working, but most of all we will miss his positive attitude and friendly nature.

He was known and respected throughout the industry, and he will be dearly missed.

Jean McLaughlin has taken over Brian's primary responsibilities in customer service, supported by the rest of our staff. Jean can be reached at:
