

TOTAL SYSTEM SOLUTION

Introducing the Complete VIPERT™ System Solution for both Potable and Hydronic Applications. For the installer, this encompasses our high-quality VIPERT (PE-RT) tubing, fittings, valves, and accessories.

25-YEAR SYSTEM WARRANTY

CB SUPPLIES PROUDLY STANDS BEHIND ITS VIPERT SYSTEM, OFFERING PEACE OF MIND WITH A COMPREHENSIVE 25-YEAR SYSTEM WARRANTY FOR LONG-TERM RELIABILITY.

POTABLE TUBING

POLYETHYLENE OF RAISED TEMPERATURE RESISTANCE (PE-RT)

APPLICATIONS

Ideal for Residential and Commercial potable hot, cold and recirculation water distribution systems.

VIPERT POTABLE TUBING SPECS

Available in a variety of sizes, colours and lengths.

COILS	100', 250', 300', 500', & 1000'
DIAMETERS	1/4", 3/8", 1/2", 3/4", 1", 1-1/4", 1-1/2", & 2"
LENGTHS	20' (other lengths available)
COLOURS	Blue, White, & Red

CERTIFICATIONS AND LISTINGS

Meets and exceeds all North American testing standards for potable water distribution systems.

CRIMP, EXPAND, OR PUSH

VIPERT tubing is compatible with crimp, cold expansion, and push fittings—each offered by CB Supplies and backed by our warranty.

FITTINGS, VALVES & ACCESSORIES

Our high-quality products are designed with performance and reliability in mind with in-house quality control and 3rd party certifications.

TOTAL SYSTEM SOLUTION

Our Complete VIPERT™ (PE-RT) System Solution for Hydronic Applications for the installer includes IVAR Stainless Steel Radiant Manifolds, Fittings, Valves & Accessories. Combined with customized design and layout services for both residential and commercial projects, we deliver a complete system solution that focuses on optimal performance and efficiency for the hydronic contractor.

RADIANT TUBING

POLYETHYLENE OF RAISED TEMPERATURE RESISTANCE (PE-RT) WITH OXY-BARRIER

APPLICATIONS

Ideal for hydronic applications, including radiant heating, cooling, and snow melting systems.

VIPERT RADIANT TUBING SPECS

Available in a variety of sizes and lengths.

COILS	100', 250', 300', 400', 500', 1000', & 1200'
DIAMETERS	3/8", 1/2", 5/8", 3/4", 1", 1-1/4", 1-1/2", & 2"
LENGTHS	20' (other lengths available)
COLOURS	VIPERT Green

CERTIFICATIONS AND LISTINGS

Meets and exceeds all North American testing to ensure it is suitable for hydronic applications, including radiant heating, cooling, and snow melting systems.

IVAR RADIANT MANIFOLDS AND ACCESSORIES

IVAR Stainless Steel Manifolds arrive in one box, ready to install, with manual shutoff valves and optional actuators (electrothermal heads). We also offer high-quality fittings, valves, and tools that provide performance and reliability you can trust.

CRIMP, EXPAND, OR PUSH

VIPERT tubing is compatible with crimp, cold expansion, and push fittings—each offered by CB Supplies and backed by our warranty.
