

# MATERIAL SPECIFICATION SHEET

## Single-Side Strut Channel

**Slotted**

**Solid**

### Features & Benefits

The 12-gauge Strut Channel is engineered to deliver strong, versatile support and hanger solutions across steel, concrete, and other structural surfaces. Ideal for mounting, bracing, supporting, or connecting structural loads, it accommodates applications such as piping, electrical conduit, and data wiring.

### Specifications

**Material:** Carbon Steel

**Finish:** Pre-Galvanized

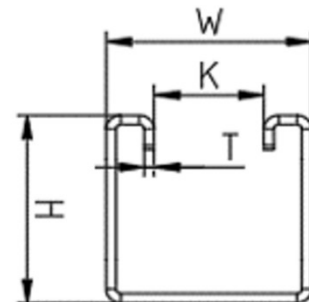

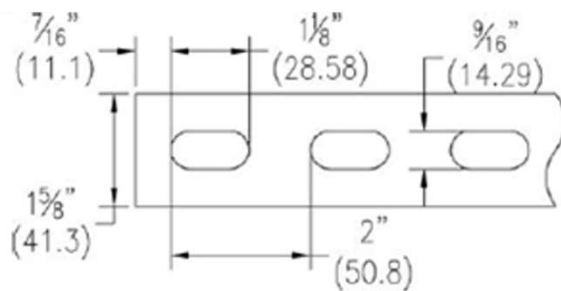

**Gauge:** 12-Gauge

**Availability:** Slotted and Solid options

**Sizes:** 13/16" H x 1-5/8" W Shallow and 1-5/8" H x 1-5/8" W Square

**Compact and Convenient Bundles of:** 100 Units (10ft. lengths)

### Dimensions

CB Supplies Part #	H in (mm)	W in (mm)	K in (mm)	T in (mm)	Length (ft.)*
391204121 – SLOTTED - Shallow	13/16 (20.65)	1-5/8 (41.96)	7/8 (22.23)	0.105 (2.67)	10
391204141 – SLOTTED - Square	1-5/8 (41.96)	1-5/8 (41.96)	7/8 (22.23)	0.105 (2.67)	10
391214121 – SOLID - Shallow	13/16 (20.65)	1-5/8 (41.96)	7/8 (22.23)	0.105 (2.67)	10
391214141 – SOLID - Square	1-5/8 (41.96)	1-5/8 (41.96)	7/8 (22.23)	0.105 (2.67)	10
